

Bishop Perrin CE Primary School's Privacy Notice for Parents and Carers

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about **pupils** and their **families**. It also sets out how a Subject Access Request (SAR) can be made. This Privacy Notice should be read in conjunction with the school's Data Protection Policy.

We, Bishop Perrin CE Primary School, are the 'Data Controller' for the purposes of data protection law.

Our Data Protection Officer is Denise Forster, our School Business Manager.

We use this data to:

- Support pupil learning
- Monitor and report on pupil progress
- Provide appropriate pastoral care
- Protect pupil welfare
- Assess the quality of our services
- Administer admissions waiting lists
- Carry out research
- Comply with the law regarding data sharing

- Safeguarding

Our Lawful Basis For Using This Data

We only collect and use pupils' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with our statutory obligations
- We need it to perform an official task in the public interest

Less commonly, we may also process pupils' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting This Information

While the majority of information we collect about pupils is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

How We Store This Data

We store personal information about pupils while they are attending our school securely and in line with data protection regulations. We will protect personal data and keep it safe from unauthorised or unlawful access, alteration, processing or disclosure, and against accidental or unlawful loss, destruction or damage. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. At Bishop Perrin School, we follow the Retention Guidelines as laid out in the [Information and Records Management Society's toolkit for schools](#). This sets out how long we keep information about pupils.

Data Sharing

We do not share information about pupils with any third party without consent unless the law and our policies allow us to do so.

We are required to share information about our pupils with our local authority (LA) and the Department for Education (DfE) under section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013.

Where it is legally required, or necessary (and it complies with data protection law) we may share personal information about pupils with:

- The pupil's family and representatives
- Educators and examining bodies
- Ofsted
- Suppliers and service providers – to enable them to provide the service we have contracted them for
- Financial organisations
- Health authorities
- Health and social welfare organisations
- Professional advisers and consultants
- Police forces, courts, tribunals

National Pupil Database

We have a statutory requirement to provide information about pupils to the Department for Education as part of data collections such as the school census.

Some of this information is then stored in the [National Pupil Database](#) (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

For more information, see the Department's webpage on [how it collects and shares research data](#).

You can also [contact the Department for Education](#) with any further questions about the NPD.

Transferring Data Internationally

We will not transfer your data to countries outside the European Economic Area which do not comply with data protection law.
