Sun safe Policy

I know our weather is very unpredictable but just a few key reminders, taken from our [Sun Safe Policy](#), for consideration during the hot weather:

Parents and carers are advised that it is their responsibility to apply protective creams to their children before the school day begins. Children are not permitted to bring in to school suntan creams/lotions. We would recommend using a 24 hour/long lasting sun cream.

Children are encouraged to bring in a named bottle of water for consumption during the school day. They are reminded to make sure that they are drinking plenty of water during the school day. Children are permitted to refill their water bottles during the day if they run out of water and drinking water is available for all children during lunchtime in the Hall. – All children should have their own named water bottle in school each and every day.

Parents are encouraged to send an appropriate school sun hat, in line with the School's Uniform Policy, into school for their child to wear. Adults in the school are responsible for reminding pupils to wear their hats and all hats should be named to reduce the risk of cross infection of head lice.

School Calendar

The School Calendar can be found on our [website](#).

Caterlink School Meal Survey

Caterlink are our catering provider, they would value feedback from all Parents/Guardians to help them improve the service they provide. This term they are completing a Parent/Guardian survey on the meal provision provided.

The survey will close on 21st July, Caterlink will provide an update to schools which have taken part in the autumn term. <https://www.surveymonkey.co.uk/r/M67CD59> Many thanks for your continued support. Caterlink

Extension of Free School Meals Survey

The Government are extending free school meals to every London primary school pupil for the 2023/2024 academic year, including children in Years 3,4,5 & 6. Whilst most of the project is funded there are some implications for schools to consider and plan for; cooking space, cutlery, crockery, cooking equipment etc. To help us with our planning, we would be keen to find out how many children are likely to utilise the free school meal provision next academic year. Please note by replying you are not committing to having a free school meal from September 2023, this information gathering is simply helping us to understand provisional numbers and plan accordingly.

Please respond via the google link if your child is currently in Y2 - Y5 only. Please reply by 23rd June.

Bee-lieve 10Km Charity Run

There are some staff and parents who are running in the Woking 10k on Sunday 25th June to help raise money for Bee-lieve, which is a small local charity that supports schools with developing wellbeing and good mental health for both children and staff. We have been getting some direct support from them for a few years now and they are looking to raise as much money with getting people to run and sky dive (no thank you!). We, very sensibly, have just decided to run rather than throw ourselves out of a plane, so if you would like to sponsor the BP contingent (11 of us), please click through on this link to make your donation and feel free to share with any family and friends who might like to sponsor us.
