CURRICULUM INFORMATION

RE

Children will understand that Christians believe that God calls us in different ways and that God stands by them at all times. They will understand that we have difficult decisions to make in life and the right choices are not always the easiest or most popular.

THEME

Theme name: Food, Glorious Food

Subject Driver: Science

In this theme, in **Science** children will be learning about the need for the right types of nutrition in humans. They will learn the simple functions of the digestive system and explore different types of teeth and their simple function. Children will investigate how different liquids affect teeth through careful and systematic observation. In **Design and Technology**, children will research, design, make and evaluate a bread recipe. In **Geography**, children will use globes and atlases to locate countries around the world and find out where in the world food comes from. In **PSHE**, children will learn about different influences on health and wellbeing and the meaning of the term 'habit'. They will look at what it means to have a balanced lifestyle. In **Music** the children will explore what is meant by a pentatonic scale. They will write compositions using pentatonic scales.

PE: Gymnastics and Netball

COMPUTING:

Children will be looking at spreadsheets.

SPANISH: *Alimento* (Science theme: food)

If you have any queries about other aspects of the curriculum that are not covered here, please see your child's class teacher.
